

## Director's report 9/10/14

The pool season has ended successfully and many patrons were sad to see the end of the summer at the pool. The following tasks have been completed in the past few weeks.

-Pool closed and all equipment in pump house has been turned off to save electricity and energy costs. Filter tank is scheduled to be drained and properly cleaned on Thursday 9/11

-Landscaping and grounds maintenance has continued. Grass is being mowed fence lines are being trimmed as needed.

-Soccer fields are being maintained and kept neat for the players. Lines are being replaced weekly following the fields being mowed.

-New nets of the correct size were purchased and installed at Vara prior to the start of the season.

-Outdoor equipment and amenities in the pool area have been moved and stored for the off season. This includes chairs, umbrellas, tables, benches, and lane line reel.
